SCHOOL DIRECTORS' REPORT

December 31, 1943

In the fall of 1933, in the midst of a nation wide period of depression, the school board felt obligated to effect a decrease of 5% in the salaries of all the teachers in the schools. This move was felt necessary from a decrease in income required to finance the schools and in conformity with a policy to operate the schools as economically as possible with the best interests of the pupils and members of the community in view. This salary decrease was continued in effect for the period from the fall of 1933 until the fall of 1941, a period of eight years. In the fall of 1941 the school board felt justified in restoring to the teachers this salary decrease and it was accordingly done.

During the school year of 1942-1943, the school board received a petition from the teachers asking for an increase of 10% in their salaries. The teachers felt that in view of the generally greatly increased cost in living expenses such an increase in salaries was warranted. In April of 1943, this request for an increase in salary was granted and the increase was made effective as of April 1, 1943, in the following manner. All graded teachers, all women teachers in the high school, the music supervisor and the school nurse were granted an increase in salary of 10%. All the men on the high school faculty were given an increase of \$300.00.

When the schools opened in September it was decided to appoint Mr. Sevigny as Assistant Principal of the High School with complete authority as head of the school upon those occasions when the duties of the present principal took him away from the school. This was done to insure having a person in complete control of our schools, in the school at all times. To compensate him for this increased responsibility and added duties Mr. Sevigny's salary was increased \$200.00.

During the summer Miss Towle, in charge of the stenographic and typewriting department, resigned her position. We were fortunate in having on our faculty an instructor, Miss McDonough, who had been engaged as a substitute for Mr. Zawistoski at the time he left our schools to join the armed forces, a graduate of Trinity College who had specialized in commercial work while there. She was thoroughly well fitted to take over the increased work of the commercial department and was advanced to this new vacancy. She was made a regular teacher on our staff and her salary increased \$210.00.

To fill the vacancy created by the resignation of Miss Towle and the advancement of Miss McDonough, we feel gratified that

we were able to obtain the services of Harold A. Anderson. Mr. Anderson is one of our own high school graduates and had just completed his education at Upsala College. His work in college has fitted him excellently for his duties with us and we are pleased to secure his services.

Another new member of our high school faculty is Francis Robillard, a graduate of St. Michael's College. Mr. Robillard was engaged to fill the vacancy created by the resignation of Mr. Martin from our staff of high school teachers. In addition to his regular duties as instructor, Mr. Robillard will have entire charge of the coaching of dramatics and of prize speaking.

Miss Anna Maxwell who had been on our staff for several years left the past summer to do special laboratory work as dietitian. To take her place we are again fortunate. Miss Vivian R. Richardson of Rutland, Vt., a graduate of Syracuse University who had specialized in the work of the home economics department, was obtained. In addition to her work in the home economics department she will have charge of the girls' basketball and the girls' home economic club.

We feel that we cannot bring to a close this report relative to our teachers without expressing our deep feeling of regret at losing the services of so valued an instructor as Burns Martin. Mr. Martin came to us fresh from St. Michael's College as a beginning teacher. Mr. Martin's record in St. Michael's had been outstanding scholastically and we felt then that West Rutland was fortunate in securing the services of so estimable a young man. His work here in our schools was a continuance of his splendid performance while in college. He taught foreign languages and had complete charge of that department. His ability as a language instructor was recognized throughout the entire state and fortunate indeed were we to have on our staff such an excellent instructor. For many years he coached and directed the high school plays and the prize speakers. The fact that several of his students won state wide prizes is indicative of the excellence of his methods. His understanding of students and his patience with them brought to him their everlasting respect. Mr. Martin was with us for a period of eighteen years and during this time the community came to like and respect him. We deeply sense the loss created by his leaving us but we extend to him our best wishes for a continued success in whatever he may choose as his field of work.
